12 Days of Christmas.

We are all familiar with the christmas song 'the 12 days of Christmas, but what we may not be aware of is the origin and meaning of the element in the song. Each of the daily gifts were a reference to an element of the christian belief. The first gift declared there is one God, 2 gifts references the old and new testaments, 3 hen are faith, hope and charity. 4 calling birds are the 4 Gospels, 5 rings the Pentateuch (first 5 books of the old testament), the 6 geese = 6 days of creation, 7 swans, are 7 gifts of the Holy Spirit. The 8 maids refer to the 8 beatitudes and the 9 ladies dancing are about the 9 fruits of the Holy Spirit, 10 lord obviously are the 10 commandments, 11 pipers are the 11 faithful Apostles and lastly 12 drummers are the 12 points of doctrine in the Apostles creed....

THE IMAGE OF GOD IN HUMANITY

"When he saw that man was made in the image and likeness of God, the Devil realized that it was useless for him to fight against God, so instead he entangled God's image in evil. In the same way, an angry man might throw stones at the emperor's image, since he cannot throw them at the emperor, and so must be content with striking the wood that bears his likeness." (St Basil).....

"The dignity of resembling the almighty is common to all men, we should then love them all as ourselves, as living images of the divine. (Saint Francis de Sales)

A LITTLE THEOLOGY 'THE ENVIRONMENT'

Catholic teaching makes it clear that care for the environment is for all both a moral and spiritual duty, rooted in stewardship, justice & solidarity, emphasising that the Earth is God's gift, not for humanity to dominate, requiring us to protect the vulnerable, especially those who are poor. The Gospel calls us to be caretakers not owners of the Earth, using resources responsibly, the resources are to be at the service of all humanity, not simply the rich and powerful. In his encyclical Laudato Si (on care of our common home), Pope Francis made it clear that there is an immediate call to action, he decries consumerism and links environmental destruction to social injustice
